Metro Land = Spain

Moll Sdf. Ast-X Hamburg ?

Moldenhauer an agent originating from Nest Köln (Cologne), who tried to evade service and hid first in Madrid and when pressure to return to Nest Köln became 'too hot', he evaded to Lisbon. Here he became friendly with the incredibly rich Jonny (Johann) Jebsen. Both were abducted on 30 April 1944 after 1900 hours in the offices of the KO in Lisbon. They were drugged and conveyed, in a car via Spain to Biarritz, from where they were flown to Berlin. Soon thereafter the RSHA became in charge and both men landed in the Sachsenhausen Concentration Camp. Jebsen was from there in February 1945 removed by an SS man and since his traces disappeared. Albeit, that the SS officer had been traced but this had, after all, no effect; Artist disappeared for ever.

oil project: Jebsen (Jonny) and Popov (Iwan) both were engaged in getting free an oil-tanker held in Sweden. This caused tremendous suspicion against Jebsen and might ultimately have caused his death.

PAGO = Paymaster, also known as ZF

1941. Lisbon - Berlin. 553. LUDOVICO HARRY to HIOB. 1. Ref.
your FS No. 250 of 12.3.44 para.2 (Not recd). Result of HARRY's
discussions with IWAN on 25/3 in LISA in presence of PAULA and JONNY:
IWAN abides by his viewpoint that in case his proposal in the matter
of a post-war post is turned down he will cease to work for us until
a satisfactory counter-offer is made from BERLIN. This means
departure at the end of March without assignments and return after
6 to 8 weeks, without results for the purpose of further negotiations.
Pay for April and May would be returned and sum for GUTMANN be
taken along, though in this connection the latter's further AFU-
collaboration becomes doubtful, as a repercussion of IWAN's ceasing
to work. In our view the simplest and fairest solution would
have been to carry out the Aufsichtsrat (supervisory-counsellor),
proposal, thereby rendering it possible to avert to a considerable
degree subsidiary intentions of JONNY which may possibly have been
planned and the compromising of V/Mann HEILIGER by adjustments of
contract and other measures. If this project remains turned down
once and for all, for reasons which have not been made known to
us, we suggest that a counter-proposal be made immediately, or
that an attempt be made to satisfy the claim by means of payment
on all occasions (?) of a correspondingly high dollar (6 missing) possibly
possibly in instalments. Attempts to persuade IWAN to change his
mind are being continued in collaboration with PAULA and JONNY.
We doubt whether a favourable result is possible unless the redemption
in some form or toher of the promise given years ago to do so is
made. IWAN is not a German and is not morally bound constantly
to risk his life for us in ENGLAND. His motives for working are
clear and have been repeatedly set forth by us. It must surely
be possible to avoid the dropping out of this valuable agent what-
ever the circumstances may be.

Madrid - Berlin. 68. WIEGAND PAGO to HIOB I. PAULA's impressions, which were reported by courier, concerning IWAN's attitude to further work are confirmed and expanded by JONNY. 1) IWAN is presumably little interested in HUETTE agreement, since no certain promise of money is expected, but especially possibilities of development for after the war. The latter are seen particularly in the realisation of the oil project. 2) Dollar indemnification presumably not convincing as a result of major crisis on the subject of confidence. 3) IWAN would much rather cease work for the present, return to LISBON after 8 weeks and resume work with the acceptable indemnification which is then expected. 4) In order to assure immediate continuance of work 9, repeat my request for issue of safe conducts and report to LISBON with regard to this, so that negotiations can be brought to a successful conclusion. Promise of safe conducts will only be given if necessary. Compromising of Abwehr through handing over not possible as 2 tankers have already been sanctioned and transferred by Marine. 5) Meeting IWAN in LISBON on 4/4. Lisbon - Berlin. 624. LUDOVICO HARRY WIEGAND to HIOB I. Ref. our signal 620 on 5/4 (not recd.). 1) As the necessary sums in escudos and dollars cannot be made available either in LISBON or MADRID, it is requested, provided that entire proposal meets with approval at your end, that a special courier be despatched to MADRID by the quickest route with the sum of escudos and dollars. LISBON would arrange for it to be sent on from there, IVAN will postpone return journey on grounds of illness until the matter is definitely decided. Therefore request answer by W/T by return. 2) (40 lost) placed at the top of the recee assignments which are to hand here for IVAN and by HARRY..... The latter sum would then be likewise changed, into escudos there in the open devisa market. 3) As for camouflage reasons the personal depositing of the escudo sum by IWAN without fail before his departure is imperative, this has been fixed for 8/4. Instructions to pay out the escudo sum and (20 misad) would therefore have to be at this end by 6/4. Sum in dollars may possibly be available from MADRID. 4) IWAN would be thoroughly satisfied by the above settlement and guarantee for best continuation of work will then be taken over fully by WIEGAND and HARRY. 2101. **Berlin - Lisbon.** 66. HIOB I to LUDOVICO for HARRY WIEGAND. Ref, your msg. 642 (not recd. ? = 624 = ISBA 2028). In spite of the most precise directions which he was given for negotiations with IVAN it is noted that WIEGAND is not capable of persuading IVAN to accept these proposals or to continue his work on a similar basis. From the recent correspondence one has the impression that IVAN is not being directed but is doing the directing himself. IVAN's present preliminary successes in no way justify a demand for such a large advance payment for achievements which have yet to be awaited. Distrust of our promises is unfounded. Our promises would only be changed if IVAN's achievements didn't come up to his promises. We must again point out that you are to negotiate with IVAN in such a way that, while no cause is given for ill-feeling, our proposals are accepted as the basis for further cooperation.

Lisbon - Berlin. No. 708. LUDOVICO HARRY to HIOB I. Ref. your FS HIOB I No. 29 of 17/4 (? ISBA 2130). JONNY states that he is not able to travel to BIARRITZ as even an illegal crossing is incompatible with cover and if anything were noticed it must lead to an immediate investigation especially against GUTMANN as one slipped through. JONNY referred to pertinent discussions with WIEGAND and suggested LISBON as only place possible for the discussion, because a fresh journey to MADRID is also at present inadvisable, for JONNY's frequent journeys have already come to the notice of the Yugoslav Mil. Att. here. JONNY said that he would be able to go to BIARRITZ only if he could at the same time inform IWAN by means of a telegram of business content and (38 corrupt and missing) with IWAN and GUTMANN become clear for IWAN and apparatus can be removed for a certain time.

JONNY was struck that the person named as representative by BERLIN was Major BOHLEN, who hitherto had had nothing to do with the matter, and that WIEGAND's return and report are not being awaited. 2) JONNY stated that he was ready to dispatch the telegram agreed upon with IWAN for 21/4, in which IWAN is informed that (8 lost) 75,000 USA dollars were handed over as a first instalment. He would cancel the telegram in the event of non-payment, at the end of the month at the latest. 3) Please send instructions regarding further procedure (?) and journey to BIARRITZ.

Likely here was Dr. Wrede arrested for allegedly being engaged with the assassination attempt on Hitler of 20 July 1944

Albeit, that his name isn't found in Linda von Keyserlink-Rehbein's book:
Nur eine "Ganz kleine Clique"

Die NS-Ermittlungen über das Netzwerk vom 20. Juli 1944

However, we know that he disappeared after he arrived at Wiesbaden.
